2021....

So another year over in this crazy world. Another year of the unknown where we've had to make changes and adapt the business to accommodate the times but we have again been lucky enough to be able to stay open and be able to operate and for that we are thankful. Like every business we have had our ups and downs and we hope that finally there is some light at the end of this tunnel.

It has been lovely to see old and new faces and be able to make your holidays and visits to Twin Lakes memorable. We have enjoyed a busy season and as 2021 comes to an end we are able to reflect and share with you all this years highlights and start to plan for 2022!

We are always so grateful for all the positive comments made to us, on social media and reviews on the internet. It means a lot to know that our hard work hasn't gone unnoticed.

Ted and George have had a wonderful summer with everyone and they make us so proud with how they adapt and make everyone feel welcome at the site. Thank you to everyone who involves them in all of their activities and have taken them under their wing when things get a little busy in the bar.

Thank you and see you all in 2022!

Cancer Support France & Aquitaine Forces Breakfast Club

This year we have had the opportunity to support two local organisations with a coffee morning and breakfast clubs. They are very active groups and they are always looking for ways to expand their own communities. If you would like more information on how you can support them you can find them on Facebook or contact us at Twin Lakes and we will pass on their details.

Improvements

We love the reaction we get from everyone once we have renovated a new area at the campsite. We continue to strive and work towards improving the site for everyone to enjoy. Here is what we have achieved this year

- Updated and improved the bar and terrace area so it can be used throughout the year
- A new kitchen equipped with all the necessary equipment to be able to run a restaurant
- Given the toilets and showers some well deserved TLC
- Created an on-site shop that stocks a variety of different products including some British foods
- A delicious new menu in the restaurant
- Became a collection point for Trading Post, France's largest wholesaler of British foods. Visit www.thetradingpost.fr for more information.

Thank you

As always, our thanks goes out to everyone who has helped us this year from cutting the grass, to working behind the bar and cooking in our kitchen. We are very lucky to have some very supportive people that love Twin Lakes and want to help with its success.

Twin Lakes Restaurant

The restaurant is now closed but will reopen early 2022 with a new winter menu.
